

RCM

Enterprise Services®

Streamline Lab Operations Services:

- **Billing/Receivables Outsourcing**
- **IT Outsourcing**
- **Hardware and Software Remote Hosting**

Utilizing state-of-the-art technologies—including a robust billing platform, RCM's outsourced solutions focus on solving the billing problems laboratories face while eliminating hardware and IT staff expenses.

RCM installs and supports laboratory systems worldwide and provides a comprehensive accounts receivable solution that includes connectivity, courier tracking, inventory management, a Web portal, and healthcare CRM.

RCM's outsourced solutions for laboratories include billing, IT, and software applications that are priced to enable our clients to focus on expanding their businesses and increasing their revenue. With an all-encompassing solution set that has minimal start-up costs, RCM addresses laboratory software and billing needs while eliminating maintenance headaches and IT overhead.

**Don't let your profits go up in smoke.
We design scalable solutions to solve
your laboratory needs.**
